

**Reveal Hitler  
Planned To Gas  
11,000,000 Jews**

Nuernberg, June 10, (AP)—Hitler accomplished only half his goal in his plan to destroy the Jews. Documents in war crimes trials here disclosed there was a master plan to gas 11,000,000.

A cold, impersonal discussion of the "final solution of the Jewish question" took place at a conference January 20, 1942, in Berlin.

A record of the conference was introduced in the trial of the Nazi ministers.

Prosecutor Robert Kempner claimed the document put full blame for the Jewish annihilation on the ministers, including the Foreign Office, instead of the usual Himmler-Bormann scapegoats.
