RULE TESTIMONY AS ADMISSABLE

Ottawa, Oct. 9.—(BUP)—Testimony which espionage suspect H. S. Gerson, 41, former munitions department official, gave before the Taschereau-Kellock Royal Commission was ruled admissible in Ontario Supreme Court here today by Mr. Justice G. F. McFarland.

The evidence given by Gerson to the Royal Commission now will be read into the record by Crown Prosecutor J. R. Cartwright of Toronto.

A similar ruling was given by Ontario Chief Justice J. C. McRuer at the trial of Edward Wilfred Mazerall, who later was sentenced to four years' imprisonment. Mazerall has appealed his conviction and sentence, and it is expected that a ruling on his appeal will be brought down this week in Toronto by the Ontario Appeal Court.
